## Summer 2021 Risk Mitigation Plan

### General Guidance

- In consultation with University Legal Counsel, the COVID-19 Logistics Committee, the Environmental Health & Safety Office (EHS), and Conference & Event Services (CES), Lyndsey Oates Volleyball Camps LLC considers operations for summer volleyball camps and clinics to be a manageable risk. Our staff will:
  - Be aware of and follow applicable policies and guidance.
  - Ensure attendees of the camps and clinics are aware of and follow applicable policies and guidance.
- We understand that applicable policies and guidance include but are not limited to the following list: UNC COVID-19, Weld County Public Health, and the Colorado Department of Health and Environment. Any of these entities may change or otherwise update their policies at any given point in time.

### Summer Camps Expectations

- Staff will take special care to avoid intermingling with other camps/conferences on both a group and individual basis while on campus.
  - Volleyball campers and staff will use the provided wristbands from UNC CES at check-in for color-coding of camps to help with group identification and to assist in the prevention of intermingling between camp/conference groups.
  - Volleyball campers and staff will use a cohort model within the camp to further mitigate risk of spreading illness. The cohort size for the overnight campers (i.e. team camp) is 4 campers based on their housing room assignments.
  - Volleyball Campers for individual clinics (no overnight campers and not eating in the dining hall) will be placed in groups of 16 based on age and skill level for their court instruction. They will be given a number and coach name to identify them for the rest of the day (on their name tag). Each court coach will have a list of campers in their group throughout the day.
- The following language is included in the waiver (Appendix A) signed by all attendees:
  - Client/customer/attendee agrees to support and follow the directives communicated by administrative leadership of the University of Northern Colorado with respect to the COVID-19 pandemic, including those from UNC, the City of Greeley, the County of Weld, and the State of Colorado. Due to the dynamic nature of the COVID-19 response, the agreements in this contract may be updated or adjusted based on COVID-19 related developments and public health needs, and associated costs with these measures may apply. Client/customer/attendee agrees and understands they are responsible for knowing and incorporating the current policies and protocols from campus, local, and state entities.
  - Client/customer/attendee agrees and understands that all COVID-19 policies, guidelines, and public health orders set by UNC, the City of Greeley, the County of Weld, and the State of Colorado will be reviewed and adhered to.

### Volleyball Groups for campers entering 3<sup>rd</sup>-12<sup>th</sup> grade

- *Daytime Only attendees (all individual clinics and some teams for team camp)*
  - Includes campers attending an overnight camp/conference but staying somewhere off campus (i.e., local family member or hotel accommodation) or commuting daily from home.
  - No restrictions on geographic origin.
  - UNC will not provide quarantine/isolation housing or unscheduled meals to Daytime campers.
- *Overnight attendees (some teams for team camp)*
  - Must meet 1 of the 3 following criteria:
    - Proof of negative COVID-19 test conducted 72 – 96 hours prior to arrival on campus;

- Proof of vaccination (i.e. received both shots if required);
- Proof of a positive test no less than 10 days and no more than 90 days prior to arrival on campus.
- Camp staff will be UNC students and staff, but they may be non-Colorado residents.
- The camp director will be responsible for ensuring this requirement is met and appropriate files are maintained and made available to UNC upon request.
- *Diagnostic Testing for overnight attendees*
  - If any of the following apply to an attendee, they should seek testing immediately at one of the many community resource locations, including the Mako Testing site on campus (if still available).
    - People who have symptoms consistent with COVID-19
    - People who have had close contact (within 6' of an infected person for a cumulative total of 15 minutes or more over a 24-hour period) with someone with confirmed COVID-19.
    - People who have taken part in activities that put them at higher risk for COVID-19 because they cannot socially distance as needed, such as with travel, attending large social or mass gatherings, or have been in crowded indoor settings.
    - People who have been asked or referred to get testing by their healthcare provider, local or state health department.
  - UNC does not directly offer diagnostic testing services but there is currently a testing location on site and several more in the local community. The arrangements for, and cost of any diagnostic testing is the responsibility of the attendee or camp organization and NOT UNC. Transportation to or from any diagnostic services is the responsibility of the camp or the attendee, not UNC.

Planning for necessary quarantine and/or isolation:

- In the event that a quarantine and/or isolation is necessary, the camp staff will abide by the following guidelines:
  - Daytime Only attendees (all individual clinics and some teams for team camp)
    - The minor's parent and/or emergency contact will be informed as soon as information is confirmed regarding symptoms or contact tracing (contacts are readily available with the camp director and court coach) with instructions to pick up the camper immediately
    - The camper(s) will wait outside (distanced from each other) on the west side of the Bank of Colorado arena (in case of inclement weather they will wait in the north Hall of Fame entrance to Butler Hancock); a camp staff member will be in direct supervision with the camper(s) until they are picked up by an adult
  - Overnight attendees (some teams for team camp)

    - Lyndsey Oates Volleyball Camps LLC understands that in the event of a quarantine or isolation scenario, the hosting organization will have no more than 8 hours to have the camper transported off campus or picked up by an adult; this does not include an overnight stay.

- There will be at least one adult staff member per 5 campers in the short-term quarantine or isolation area to supervise.
- In the agreement signed by all coaches during registration they have agreed that if the individual on their team requiring isolation or quarantine cannot be picked up within 8 hours they will transport them off-campus until they can be picked up. (See Appendix C)
- Take away meals will be provided, as appropriate, given the time of day.

Monitoring symptoms:

- Campers will be required to notify a camp staff member at check-in or throughout the day if they have any symptoms through signage at the check-in desk (see Appendix B).
- Additionally, an announcement by the camp director will be made at the beginning of each day for the Individual Clinics (Daytime Attendees only); the same language that is included in Appendix B will be in the Team Camp packet that each high school coach receives prior to attending the camp
- At the time of registration campers have already agreed in the waiver (Appendix A) that they would not attend if they have any COVID symptoms.

Self-quarantine prior to arrival at camp:

- On the registration website and in the confirmation email (sent 7 days prior to camp) it is suggested to all campers that they observe a minimum 5-day self-quarantine prior to camp arrival.

Right to Treat paperwork:

- Every camper shall have given the Right to Treat through the waiver signed at registration (See Appendix A)

Case Investigation and Contact Tracing

- Lyndsey Oates Volleyball Camps LLC understands that UNC will NOT provide case investigation or contact tracing for individual camps. However, Weld County Public Health or other agencies may engage in case investigation and/or contact tracing as appropriate.
- The camp director will maintain a list of individuals who attended the camp. This list will be maintained for at least 3 months following the end of the camp and will include the first name, last name, email address, and phone number of each individual that attended, worked at, or volunteered for a given camp. This list will be available to UNC upon request.
